A Acer for Hargrave

A Hornbeam for Huxley

WI Centenary Planting - Malcolm Smart

## **A Message from Laura**

March brings us to the start of Lent, a traditional time of fasting. Perhaps now a time to deny ourselves chocolate, wine, or a time to take up something new.

We are beginning a new service in church, Messy Church which will be at 3pm on the 4<sup>th</sup> Sunday of the month starting on 27<sup>th</sup> March. It is aimed particularly at families with children. It begins with a short service, similar to an assembly at school with a Bible story and song. This is followed by some craft activities and games and finally a shared meal. It is a bit of an experiment, as we have so few children in our two villages, so may need the support of our extended village family, including grandchildren and friends to get us off the ground. All are welcome, whatever age, to help make food or help with craft or fill a couple of hours on a wet Sunday afternoon. It is a time for different generations to get together and get to know each other. We need crafters, bakers, lego supervisors, and people who are willing to just come and chat. It should be fun (if you are allowed fun in Lent) – come and join us.

In our wider church area, our deanery, you are welcome to join a Zoom Lent course, to dig deeper into issues of faith, called 'A time for...', which meets at 7.30pm on each Tuesday evening in Lent for 45 minutes. If you would like to join, please email: [bunburyparishoffice@gmail.com](mailto:bunburyparishoffice@gmail.com)

As the pandemic seems to be finally easing its grip, we look for opportunities at St Peter's to serve our community and I look forward to an exciting year ahead.

Please let me know if there is anything I can do to help, or if you want a chat about anything, knock on the door or email me: vicarofhargraveandhuxley@gmail.com

## **FRIENDLY REQUEST FOR DOG OWNERS**

There seems to have been a significant increase in dog walkers in our two villages of Huxley and Hargrave. This is probably due to Covid lockdowns but this has had the natural consequence that there has been a significant increase in the generation of dog poo! Unfortunately many of you are not picking up after your dog.

Would those of you who walk dogs along our pavements, roads and verges in both villages, and in Hargrave, in the Church car park and playing fields, PLEASE use doggy bags and pick up after your dog. There are two dog poo bins in Huxley and a waste bin in Hargrave. If these aren't convenient please use a poo bag and take the poo home. Thank you for your understanding.

## **Jubilee Project – Can You Help?**

A 70 year reign is unique in our history. I was wondering whether Hargrave and Huxley folk could re-create a picture of life here in 1952/3? Would you be willing and able to give your stories of the villages in the year of the accession and the year of the coronation in Hargrave and Huxley? What was life like here then? Period photographs would be a wonderful bonus too. Our Historical Group might be able to draw together a portrait of life here at the start of the New Elizabethan Age, which might be able to be published and / or held in the county archives as a tribute to the Platinum Jubilee. If you can help, please contact Bob Burgess : [rwb44@talktalk.net](mailto:rwb44@talktalk.net)

## Huxley and Hargrave WI

At the February meeting, Mr Stockton showed us a wide selection of his “Knick Knacks”, telling us what they were and their usage – a lot of them recognisable from our early childhood days. No plastics in sight and many items were hand-made from wood or horn, ranging from Cows’ horn-straighteners, Sailors’ fids - used to undo knots and make holes in canvas, babies’ teething tools made from bone, wooden and glass cooking utensils and an official skirt-lifter! It was really interesting how times have changed even in our lifetime. The competition was won by Chris Hunt.

The tree-planting sessions of a Hornbeam at Huxley and an Acer at Hargrave in February went well, with sherry and shortbread afterwards. This was to commemorate our 100 years and was the last of a number of celebratory events to mark this auspicious anniversary.

The next meeting will be on **Wednesday 9<sup>th</sup> March at Hargrave at 7.30pm** ( our summer venue for the next 6 months) when the subject will be “My Life at Granada” with a competition for a Theatre Programme. We have several outings planned, the first on Mon 23<sup>rd</sup> May being a trip to Halen Mon Sea Salt Factory on Anglesey in Wales, followed by the Pringle outlet village close by.

On Tuesday 12<sup>th</sup> July we will be visiting the new RHS Bridgwater Gardens and anyone wishing to go on either of these trips is asked to put their names on the list with Connie or Tricia.

As usual we have a very varied selection of speakers this year who will talk on Herbs, Pub Signs, Bee-Keeping, a Bakery, Painting for all, Flamenco Dancing and Flowers – so something for everyone. Come and join us for a meeting and a cuppa to see what our WI has to offer.

## 'Men Who Munch'

## Ladies Who Lunch

The February lunch went well despite several last minute drop-outs and, together with some very generous donations from absentee ladies, we gave £76.00 to our charity "Blood Bikers".

The next lunch is on **Thursday 17<sup>th</sup>** March at 'Le Cornichon at the Gunnery', Tarvin. As usual, I have a menu from which to choose, so please contact me if you are not already on the list and wish to come to this lunch. Chris Hunt on 01829 781112

## Village Walk Friday 18th March

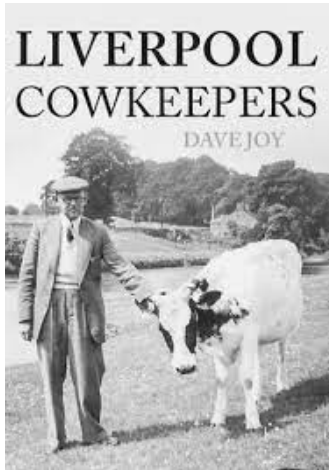

Unfortunately, our walk in February was cancelled due to storm Eunice. We will, therefore, do the same walk on Friday, 18th March.

The walk will be in Delamere Forest, stopping at the Delamere café for a coffee. It is about 3.5 miles long. Further details to be announced.

If you would like to join us, please, contact Jenny Hobbs. Everyone is very welcome. Tel. 01829 781250

## Hargrave & Huxley Historical Group

## Huxley C.E. Primary School

We have just finished for half term and what a term it has been. We have had so many exciting activities happening in school.

Here at Huxley we pride ourselves on ensuring that children have the rights 'tools' and strategies to help support their social and emotional wellbeing. As it was Children's mental health week last week, we discussed ways in which we can regulate our emotions and also put problems into perspective. These skills are so important in life. Our current worship theme is that of courage. Having the courage to face your fears; having the courage to speak out when you feel something is wrong; having the courage to stand up for what you believe in and carrying on when things become difficult.

Our older children in The Oaks class are currently learning about Egypt and were treated to a visit from Egyptologist Philip Harris "Mr Egypt". He brought ancient artefacts for the children to learn about and see first-hand. They learnt about the Pyramids of Giza, the Valley of the Kings, Hieroglyphics and heard stories about the boy King Tutankhamun. They also had fun at mummy wrapping in a 21st century style (loo rolls!) One of the children said "It was just incredible to be able to hold objects that were 3000 years old"

The children are also learning the Tenor Horn and after half term, the Ukulele. The children are thoroughly enjoying these sessions and there are definitely some budding musicians among us.

We have also started our 'keeping us safe' themed assemblies which started off with a visit from the Canal and Rivers Trust and we look forward to welcoming our local PCSO and local paramedics into school to also talk about safety.

Last week, we were visited by Nick from ArgoForestry. Nick donated trees to us back in the summer at our school fete and

Anne Smart, friend of Huxley, looked after them for us until it was time to plant them. We were lucky enough to have a lovely sunny (but very cold) morning which was perfect for planting our trees and all the children were grouped together to plant a heritage fruit tree. This will eventually be our orchard and the children are coming up with names for our little fruit garden – one being ‘Perfect Paradise’ another being the ‘Peace Garden’- they want this to be a quiet area to sit and relax in. Each tree will have a plaque on which will state who planted it and when – hopefully these will be displayed for years to come. The children will have their very own tree in Huxley!

We are looking at ways that we can develop our outdoor environment even further and one thing I am really keen on developing is an allotment and sensory garden. If we have any keen gardeners and vegetable growers in the community, then we would really appreciate support in developing this, so please do get in touch.

Mrs Rachel Gourley  
Headteacher at Huxley C.E. Primary

**THE JOSHUA TREE  
COFFEE MORNING  
THE PLOUGH INN  
FRIDAY MARCH 4th AT 11A.M.**

Have you been shriven? In Anglo Saxon times one lady using up her butter, sugar and eggs before Lent nearly missed the time, hearing the bell calling her to church to confess before Lent, panicked and ran out of the house skillet in hand tossing her cake to cook it evenly and ran to church. This was in Olney, Buckinghamshire - it is still celebrated with a race every Pancake day. Making use of the ingredients before the start of Lent goes back many years - one recorded says...'and ever man and maide doth take their turne and tosse their pancake for feare they burne ...(Pasquale Palia 1619).

Perhaps partying is more to your taste, so join those celebrating the Mardi Gras or Fat Tuesday. The big parades at Mardi Gras are in fact the culmination of weeks of festivities since Epiphany. The sombre Ash Wednesday bring us down to earth with a realisation of the real reasons for Lent.

Saint David and Saint Patrick are celebrated during March. Saint Patrick ( Padrig 386AD) was in fact a Welshman, captured and enslaved in Ireland for six years. He escaped and eventually arrived in Rome where he entered the church. Returning to Ireland, knowing their ways, he converted many. Using already existing rituals he turned them into Christian ceremonies. Did he really drive all the snakes from Ireland?

Saint David or Dewi (462AD) came from a wealthy Welsh family and entered the church. He went about the country spreading the faith. One story that is told about him... He was to give a sermon to decide whether he was suitable to be the peoples' new Archbishop, many people gathered , he was almost lost in the crowd... but the ground on which he stood rose up until all could see and hear!

Wear your shamrocks and daffodils/leeks with pride. Some try to make small sacrifices to mark Lent. Don't let attending our coffee morning be one of them . The families that the Joshua Tree support need your help. Sick children raise compassion in us, but to help them we need down to earth 'cash' and spending an hour once a month can be our sacrifice for Lent!

**£5.00 and a raffle prize please  
April coffee morning the 1st**

## Travels in the North

by Ol' Buzz

On a business trip to Iceland, I stayed at a hotel in Selfoss. At 5pm the town was deserted. No traffic, no people, no smoke from a chimney, no washing on a line, no kids playing out, nothing open. Nothing but the noise of the river crashing over boulders and traffic lights changing automatically. But this time the hotel had sprouted a satellite dish. At last, some alternative to Icelandic TV. It turned out to be a Japanese film with Icelandic subtitles. I drank my hip flask and went to bed. Subsequently I always travelled with a multi-band radio so I could listen to BBC World Service. In 1915 the Icelandic government had banned the sale of beer "because Scottish trawler men got drunk and caused trouble." During one of my visits they relented but the local brew was called Sanitas – too close to Harpic for my liking. Which is why I carried a hip flask.

My hotel in Stockholm had on TV *20,000 Leagues Under the Sea*, with Swedish subtitles. So it was that I discovered that when Captain Nemo ordered "Ramming Speed", it translated as 'MAXIMAL FART'. Oh yes, travel broadens the mind. Once, my Swedish Agent asked, "What shall be done with the eye-racks?" My company manufactured technical coatings, but this was a new one on me, until I reflected that Saddam had just invaded Kuwait. Evidently, this question was not what I had first supposed.

If you drunk-drive in Norway, the police confiscate your car and you go to jail. A friend in Oslo was the worse for wear when he reversed off his drive and collided with another car whose driver was even more over-refreshed. The man helped Tore to put both cars on Tore's drive as he hiccupped that he would pay for all repairs. At 7am next morning, the garage truck collected both cars, and the man arrived, sober, with 50 red roses for Tore's wife. No one got jailed, nothing got confiscated, and the lady copped a bouquet.

Another Happy Ending.
